

“Break a leg...”

– We don't think so!

...who cares?

The biggest threat to the career of any **performing artist** is **injury** and **ill health**. Sure, “the show must go on”, but nobody wins if that show is the last one you are **fit to perform**.

So who cares?

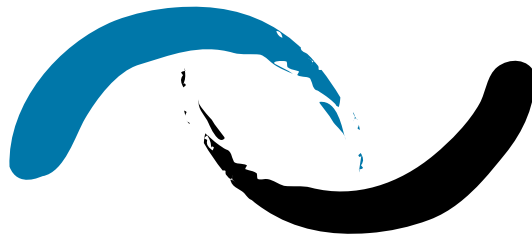

We do.

The **Australian Society of Performing Arts Healthcare** (ASPAH) believes that the performing arts in **Australia** can only be as good as the **health of its performers** and we plan to make a difference.

So if you would like to join us,
or even just see what we're about,

or are simply curious about how we might be
able to **help you,**

simply visit us at www.aspah.org.au
